

EASTERN AFRICA STATISTICAL TRAINING CENTRE

HIGHER EDUCATION FOR ECONOMIC TRANSFORMATION PROJECT

About HEET Project

The Higher Education for Economic Transformation (HEET) Project (P166415), funded by the World Bank with a budget of US\$425 million, seeks to assist Tanzania in harnessing the potential of higher education to drive economic development and transformation. The Ministry of Education, Science, and Technology (MoEST) is responsible for its implementation within the country. The project is scheduled to operate from September 2021 to July 2026, spanning a period of five years.

Project Development Objective

The Project Development Objective (PDO) is to strengthen the learning environments and labor market orientation of programs in priority disciplines and the management of the higher education system.

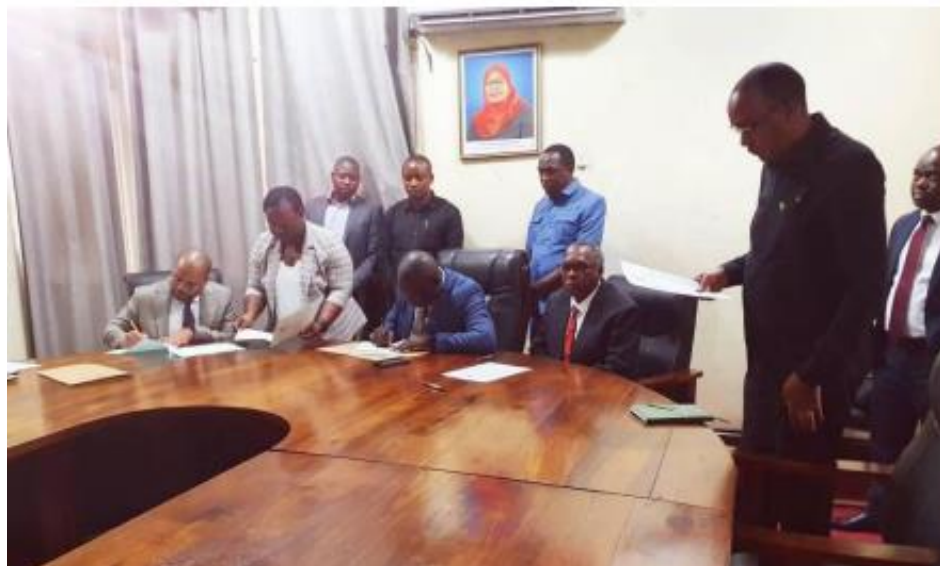

Project Implementation

The implementation of the project focuses to support the following areas:-

- Area 1:** Construction or rehabilitation of infrastructure
- Area 2:** Updating curriculum and introducing innovative pedagogical methodologies
- Area 3:** Promoting applied research and innovation capacity
- Area 4:** Building functional linkages with private sector/industry
- Area 5:** Strengthening use of digital technology
- Area 6:** Promoting self-generated income
- Area 7:** Building capacity of academic staff and Institution leadership

The Eastern Africa Statistical Training Centre (EASTC) is one of the higher education institutions that have received financial support from the World Bank (WB) through MoEST to implement the project. The Centre has been granted \$ 2,654,577.67, equivalent to TZS 6,130,959,495.08, to execute this project under sub-component 2.2. This sub-component focuses on promoting quality improvements in selected non-university institutions and fostering public-private partnerships in the delivery of programs in priority disciplines.

The Centre formalized its commitment to the project by signing a grant agreement with the Ministry on 01/12/2022, marking the effective date for commencing the project's implementation. The project's execution is guided by the Institution Strategy Investment Plan (ISIP).
